Akira Ikuma (re-elected)– President
Craig Kuhn – Vice President
Elony May (new) – Secretary
Rob Webb (new) – Treasurer
Member at Large – Vacant

NOTE FROM THE PRESIDENT:

The past year has been a time of transition for the board. A wholehearted thank you to John Botts, Nancy Hurwitz, Carolyn Travers and Ellen Davidson who served the cluster these past few years. We continue to benefit from their immense contributions. We also welcome Elony May and Rob Webb to the board and are excited to gain their many talents and fresh perspectives.

The cluster is doing well. We have a balanced and healthy budget and have accomplished necessary projects in the past year such as the asphalt and concrete replacement project. This coming year, the board intends to focus on beautification of the cluster through updated standards as well as address common area enhancements. We will continue to strive for productivity and make the cluster a jewel of Reston.

New Mailboxes

The board will replace existing mailboxes this summer. The new cluster box units are RA-approved and will provide residents with larger mail compartments and separate parcel lockers. Residents will be notified of scheduled replacement and key hand-off date/times.

Entrance Sign

We will install our first Glencourse Cluster front entrance sign tentatively by Fall 2014. The project will include beautiful landscaping around the sign and multiple design layouts for residents to choose from. Please see the Glencourse Cluster website for more information.

What's going ON?!

The board is soliciting feedback to install small outdoor bulletin boards to improve communication and decrease printing cost. Bulletin boards will be located near mailboxes and high traffic areas. The bulletin boards will include the current newsletter, upcoming events, and important initiatives (i.e. tree removal). Please see the Glencourse Cluster website for more information.
