Resolution

Parking and Operation of Motor Vehicles

Resolution # 10-28-09-1

[Replaces Resolution # 2-20-07-1]

WHEREAS, the Board of Directors of Glencourse Cluster Association desires to clarify and make improvements to existing parking restrictions and enforcement procedures governing the townhouse parking areas, and

WHEREAS, the Board of Directors has been granted the authority to adopt such rules and regulations by the Glencourse Cluster Association Cluster Documents, the Reston Association Governing Documents, and the Virginia Property Owners Association Act; and

WHEREAS, in order to assure equitable parking arrangements and safe and attractive parking areas, the Board hereby restates and clarifies its existing policy as previously set forth in Administrative Resolution #2-20-07-1.

NOW THEREFORE BE IT RESOLVED THAT the following policies are hereby adopted by the Board:

I. GENERAL PROVISIONS

- A. "Common Area" shall mean all real property owned by the Association for the common use and enjoyment of the Owners, including parking areas, private streets, open spaces, paths and other facilities. "Common Parking Area" shall be the areas used and/or designated for parking, and such other areas as the Board may designate from time to time.
- B. Only approved vehicles may be parked on the Common Parking Areas. An approved vehicle is defined as any conventional passenger vehicle, motorcycle, personal van or pickup truck of three-quarter (3/4) ton or less gross capacity that is owned by a resident or is driven by a resident's visitor.
- C. Residents are responsible for their visitors complying with the parking rules and regulations.
- D. All motor vehicles on the Common Parking Area shall be parked so as not to obstruct or reduce adjacent spaces for other vehicles.

- E. Vehicles operated on the Common Area shall be operated in a safe and prudent manner so as not to endanger the life, limb, or property or another person.
- F. All vehicles operated on the Common Area must be operated by a person holding a valid driver's license or permit.
- G. All parking rules and regulations are enforced in all Common Areas.

II. RESERVED PARKING SPACES

- A. Parking Privileges: Ownership of a lot shall entitle the owner and or the owner's designee to the use of two parking spaces for approved vehicles. The reservation of parking spaces shall be made by the Board to those owners in good standing. To be considered "in good standing" an owner must be current in the payment of any assessments (or charges) and in compliance with all provisions of the governing documents and rules and regulations. No resident or visitor may park in another resident's reserved parking space without the express consent of that resident.
- B. Additional Parking: Parking spaces not specifically reserved to an individual lot by the Board shall be available on a first-come, first-served basis to all residents and their guests. Under no circumstances, however, are such spaces to be utilized for the "storage" of any vehicle—for parking even approved vehicles continuously, without movement, for more than fourteen (14) days without the express consent of the Board.
- C. Reassignment of Spaces: The Board reserves the right and authority at all times to re-designate previously reserved parking spaces provided written notice is given to the homeowner fourteen (14) days in advance.
- D. Appeals: Any decision made by the Board pursuant to this policy resolution may be appealed upon written petition submitted to the Board of Directors. The Board shall consider and decide all such petitions at regular scheduled Board meetings. Decisions of the Board on petitions submitted for appeal shall be considered final.
- E. Visitor parking is limited to the curbs (parallel parking spaces only) in areas not designated (by yellow paint) as fire lanes.

III. RESTRICTIONS

- A. No vehicle shall be parked in violation of any posted sign.

- B. No vehicle shall be parked in any area designated for pedestrian use.
- C. No vehicle shall be parked in such a manner and area that obstructs the safe, free-flow of moving vehicular traffic or obstructs the movement of other vehicles into and out of the Common Area. This specifically applies to inhibiting access to sections of streets, marked parking spaces, mailboxes, fire-hydrants, fire lanes, etc.
- D. No vehicles shall be parked on any unpaved Common Area, or in any fire lane.
- E. The parking of recreational vehicles or trailers or any vehicle larger than an approved vehicle is prohibited. (See Reston Association for alternate locations.)
- F. All vehicles must display current state license tags, current state inspection (as required) and required stickers of the local jurisdiction.
- G. The parking of junk or derelict vehicles is prohibited. Any motor vehicle that cannot be operated in its existing condition because the parts necessary for operation, such as but not limited to tire, wheels, windshield, engine, drive train, driver's seat, steering wheel or column, gas or brake pedals that are removed, damaged, or destroyed, or otherwise not able to operate shall be deemed to be a junk or derelict vehicle, regardless of the display of valid state license, registration, or inspection sticker.
- H. Vehicles that present a hazard or nuisance by operating noise or exhaust emission are prohibited
- I. Except for minor emergency repairs and ordinary light maintenance (excluding fluid changes and other operations that might soil the Common Area), repairing and/or maintaining vehicles, including the painting thereof, is not permitted at any time in the Common Area. The intentional drainage of any motor vehicle's fluids is prohibited. The dumping of motor oil and other petroleum products into the storm sewers is prohibited. Such action is a direct violation of the State Water Control Law and may lead to civil penalties and clean-up costs for the responsible person(s).
- J. No signs, initials, numbers, storage containers, or any other additions or alterations to Common Parking Area spaces may be painted, displayed, or erected.

- K. The unnecessary sounding of vehicle horns and playing at excessive volume of radios CD players or other sound producing devices is prohibited.
- L. The screeching of tires and "revving" of vehicle engines is prohibited.
- M. The speed limit is 10 miles per hour throughout the Cluster.
- N. In accordance with the plan approved by the Fairfax County Fire Marshal on 12 June 2009, all traffic flow within the Glencourse Cluster shall be one-way, entering Glencourse Cluster through the middle intersection with Soapstone Ave and exiting via either the Winged Foot intersection or the southernmost Glencourse intersection.

ENFORCEMENT

A. Authority

The Board of Directors of the Association or its Designee shall enforce all provisions and restrictions of this Resolution, and promulgates the Enforcement Procedures herein to accomplish such enforcement in a manner that is consistent and equitable to all owners, tenants, and guests.

B. Indemnity

If any vehicle owned or operated by an Owner, any member of his or her family, or by such Owner's tenants, guests, invitees, or licensees shall be parked, operated or abandoned in such a manner as to violate the Declaration of Covenants, Conditions, and Restrictions, the Bylaws, or the Rules and Regulations, the Association and its management shall be held harmless by such Owner for any and all damages or losses that may ensue, and any and all rights in connection therewith that the Owner or driver may have under the provisions of state or local laws and ordinances are hereby expressly waived. The Owner shall indemnify the Association and its management against any liability which may be imposed on the Association or its management as a result of such parking, operation, or abandonment and any consequences thereof.

C. Scope of Enforcement

3. **Notice of Violation.** The owner of any motor vehicle not in compliance with any of the other rules and regulations in this Resolution shall be notified of the violation by the posting of a notice on the vehicle. If the motor vehicle is not brought into compliance within seventy-two (72) hours, it shall be subject to removal by towing. A record of such action will be entered into the Managing Agent's or Board's violation records.
4. **Subsequent violations** committed within any consecutive twelve (12) month period shall subject the violating motor vehicle to immediate towing without notification.
5. **Reserved Rights** Association reserves the right to exercise all other power and remedies provided by the Association's governing documents or the laws of Virginia and County of Fairfax
6. The Board shall make provision to retain in its permanent records, copies of all such violations and corrective actions subsequently taken.

Investment Policy

Resolution # 11-21-09-2

[Replaces Resolution #2-20-07-5.]

WHEREAS, the Board of Directors of Glencourse Cluster Association ("the Board"), pursuant to the provisions of the Virginia Property Owners' Association Act, the Reston Association Governing Documents, and the Glencourse Cluster Association Cluster Documents has authority to manage the affairs of the Association; and

WHEREAS, the Board desires to establish as its objective that the principal value of all Association funds be maintained and that principal preservation is the primary objective of any investment activity involving Association funds; and

WHEREAS, the Board's goal, on behalf of the members of the Association, is to invest Association reserve funds in fixed income investment instruments and/or accounts that will realize full face value at maturity, understanding that such instruments may have a fluctuating market value prior to maturity and that the Board's goal is also to maintain maximum safety for Association funds with the investments selected;

NOW THEREFORE BE IT RESOLVED THAT Association funds will be invested within the following guidelines:

- A. All potential investment accounts or instruments shall be evaluated by the Board as to how well they achieve a prudent balance among the factors of safety, liquidity as it relates to the Association's cash flow needs, and rate of return, and investment accounts or instruments shall be approved on the basis of such an appropriate balance.**
- B. The Board shall make available to the unit owners listing on an itemized basis (but without identifying account numbers or other information that would risk the security of the funds) as to amount, type and rate of return of the investments, funds and accounts in which Association funds are deposited or invested. The purpose of this disclosure is to provide the unit owners with an opportunity to see that the Association's funds are being properly and prudently administered, or to be informed if that is not the case.**

- C. No funds shall be deposited or invested except in Authorized Investments. Authorized Investments are:**
- 1. Obligations of, or fully guaranteed as to principal by, the United States of America;**
 - 2. Obligations of the Federal National Mortgage Association, banks for Cooperatives, Federal Home Loan Banks, the Federal Land Bank, and Federal Intermediate Credit Bank;**
 - 3. Certificates of Deposit issued by banks and savings and loan associations within the limits of insurance provided by the Federal Deposit Insurance Corporation and the Federal Savings and Loan Insurance Corporation for each such Certificate;**
 - 4. Federally insured money funds within the limits of insurance coverage; and**
 - 5. Other such accounts or instruments as may be created or available where the principal is fully protected, guaranteed or insured by the Federal Government.**
- D. The average daily balance in a money market account shall not exceed \$10,000 though the balance at any one time may exceed this during the transfer of funds.**
- E. No investment may be sold, withdrawn, redeemed or otherwise converted to cash prior to maturity without Board approval. Generally, such investments are intended to be held to maturity. However, any investment may be sold, withdrawn, or redeemed for an amount less than earnings at maturity in reinvested in an Authorized Investment the par value of which is equal to or greater than the par value of the investment sold, withdrawn or redeemed early, if the yield upon the latter is greater than the original yield would have been, and if the cost of the transaction does not negate the difference in earnings. Additionally, any investment may be sold, withdrawn, or redeemed prior to maturity if funds are required to pay obligations of the Association not anticipated by cash flow projections.**
- F. Authorized signatories for all accounts or instruments other than the disbursing account above shall be the President, the Treasurer, and one alternate Board member appointed by the Board. The signatures of the President and Treasurer shall be required to invest, reinvest, withdraw, redeem or sell Association funds or**

instruments unless one or the other is unavailable, in which case the alternate Board member shall be authorized as a substitute for either.

- G. The amount of any investment shall not exceed the amount of insurance than being provided.

This Resolution was duly adopted at a meeting of the Board of Directors on the 21st day of November, 2009.
